INTERDISCIPLINARY STUDY OF DISABILITIES (ISD) CGS

All students must meet the Requirements for the Certificates of Graduate Study.

OVERVIEW

The Certificate of Graduate Study in ISD provides education, social services, healthcare, other professionals, and individuals with disabilities and their family members, access to a cohesive and relevant course of studies to enhance their education and instructional needs in disability studies. The certificate includes a total of eighteen credits, nine in core courses and nine in approved elective courses. Two options are offered:

1. Establish a general understanding of disabilities and of related interdisciplinary practices across disciplines;
2. Combine core courses with the focused study of a specific disability or related practice area.
