ACCELERATED DEGREE PROGRAMS

A number of departments and programs provide opportunities for selected undergraduates to participate in Accelerated Master’s Programs (AMPs). This option is available for admission to graduate programs in accountancy, animal science, biochemistry, biology, biostatistics, civil and environmental engineering, computer science, counseling, curriculum and instruction, electrical engineering, food systems, materials science, mathematics, mechanical engineering, pharmacology, physics, public administration, and statistics. The AMP allows early admission to graduate studies with up to six concurrent credits double-counted toward the bachelor’s and master’s degrees.

Accelerated Licensure/Master of Arts in Teaching (M.A.T) in Secondary Education or in Middle Level Education Students apply during their junior year at UVM.

Consult the Graduate College catalogue or appropriate dean’s office for information about these or other accelerated degree programs.
