Domestic animals play a major role in our lives through agriculture, recreation, biomedical sciences, and companionship. The mission of the Department of Animal and Veterinary Sciences is to provide a high quality, broad-based education emphasizing domestic animals and their interactions with humans.

Graduates enter veterinary or other professional schools, pursue careers in biomedical sciences, agribusiness, companion animal and equine care and management, zoos and aquaria, or education. Students work closely with faculty advisors to tailor their programs toward specific career goals.

The Department of Animal and Veterinary Sciences actively encourages participation in undergraduate research, internships, and study abroad. Students have the opportunity to develop a well-rounded curriculum by complementing their classroom learning with laboratory and hands-on practical experiences.

GRADUATE

Animal and Veterinary Sciences M.S.
Animal, Nutrition and Food Science Ph.D.
Cellular, Molecular, and Biomedical Sciences Ph.D.

See the online Graduate Catalogue for more information

Courses

ASCI 001. Introductory Animal Sciences. 0 or 4 Credits.
An overview of the genetics, nutrition, reproduction, and management of livestock and recreation species; introduction to animal behavior, animal disease, and biotechnology. Prerequisite: Animal Science major or Instructor permission.

ASCI 005. Intro to the Horse. 3 Credits.
Starting with evolution and domestication and progressing to current breeds, colors, uses, health, and management of horses, students gain a basic understanding of one of our most beloved domestic animals. No prior horse experience or knowledge is required.

ASCI 006. Companion Animal Care & Mgmt. 3 Credits.
Scientific principles of nutrition, breeding selection, health, management practices, pet therapy, and animal bonding. Primary emphasis on cat and dog.

ASCI 021. Horse Barn Cooperative. 1 Credit.
Develops skills in the practical aspects of equine management of individual horses and horses maintained in a group setting using hands-on experiences and peer teaching. Students care for their own horse or an Animal Science horse. Prerequisites: For students currently accepted into the UVM Horse Barn Cooperative Program or currently enrolled in ASCI 121; Instructor permission.

ASCI 030. Beginner Horseback Riding. 1 Credit.
Instruction in the basics of balanced seat horseback riding, including both ground skills (grooming, tacking and untacking) and mounted skills (mounting, dismounting, walking, trotting, cantering). Emphasizes safety and control.

ASCI 038. Understanding & Speaking Dog. 3 Credits.
With dogs as a model, explores the impact of genetic modification and selection, neonatal to adult development of the brain, the science of how the brain learns, human involvement and its impact, and the factual language of dogs. Prerequisite: Animal Science major or minor, Psychological Science major.

ASCI 095. Internship. 1-3 Credits.
On-site supervised work experience combined with a structured academic learning plan directed by a faculty member or a faculty-staff team in which a faculty member is the instructor of record, for which academic credit is awarded. Offered at department discretion.

ASCI 097. Introductory Special Topics. 1-18 Credits.
See Schedule of Courses for specific titles.

ASCI 098. Introductory Special Topics. 1-18 Credits.
See Schedule of Courses for specific titles.

ASCI 108. Equine Enterprise Management. 3 Credits.
Provides guidelines for understanding risks, liabilities and other pertinent topics necessary for running a successful equine-related business. Prerequisite: ASCI 001 or ASCI 005.

ASCI 110. Animal Nutrit, Metab & Feeding. 0 or 4 Credits.
Principles of meeting the nutrient requirements of animals, especially as they relate to the practical problems of formulation and production systems. Prerequisite: ASCI 001 or BCOR 011 or BIOL 001.

ASCI 117. Horse Health and Disease. 3 Credits.
After an introduction to equine anatomy and physiology, students are presented with common diseases and their corresponding description, cause, clinical signs, diagnosis, treatment, prognosis and prevention. Weekly small-group case studies highlight core principles. Optional hands-on opportunities at UVM Horse Barn. Prerequisite: ASCI 001 or ASCI 005.

ASCI 118. Appl Animal Health. 0 or 3 Credits.
A study of small and large domestic animal diseases. Natural response to disease, methods of diagnosis, control, and treatment. Prerequisite: ASCI 001, a Biology course, or Instructor permission.
ASCI 119. Equine Training Techniques. 0 or 3 Credits.
Behavior modification and training of the young horse under saddle
and in the cart. Introduction to interdisciplinary directions open to
the equine athlete and to conditioning programs associated with
these options. Prerequisite: ASCI 001 or ASCI 005.

ASCI 121. Equus. 2-4 Credits.
A hands-on equine management experience. Students perform horse
duties, recordkeeping, and make financial and management decisions
on a horse boarding operation. Prerequisites: ASCI 001 or ASCI 005.

ASCI 122. Animals in Soc/Animal Welfare. 3 Credits.
Designed to heighten awareness and understanding of human-
animal relationships in society, agriculture, and science. Prerequisites:
Animal Science major; Sophomore standing.

ASCI 125. Equine Instructing Techniques. 0 or 2 Credits.
Examines philosophies, concepts and teaching-learning strategies
needed for the development of sound equine instructing skills.
Students gain hands-on horseback riding teaching experience
during the second half of the semester in a supported environment.
Prerequisite: ASCI 001 or ASCI 005.

ASCI 129. Horse Barn Coop Exec Committee. 1 Credit.
Student leaders, chosen by their Horse Barn Cooperative peers and
Horse Barn Faculty Advisor(s), oversee the management of the
UVM Horse Barn, including facilities, schedule, events, horse care,
and student responsibilities. Students are supported by the Horse
Barn Faculty Advisor(s). Prerequisites: ASCI 021 and Instructor
permission.

ASCI 130. Intermediate Horseback Riding. 1 Credit.
Students gain further experience with balanced seat horseback riding,
including ground skills (grooming, tacking and untacking) and
mounted skills (walking, trotting and cantering). Emphasizes safety
and control. Prerequisites: Instructor permission. Student should be
able to walk, trot and canter off the lunge line.

ASCI 134. CREAM. 4 Credits.
A two-semester course in which students perform the work and
make the financial and management decisions associated with the
CREAM dairy herd. Prerequisites: Sophomore standing; Instructor
permission.

ASCI 135. CREAM. 4 Credits.
A two-semester course in which students perform the work and
make the financial and management decisions associated with the
CREAM dairy herd. Prerequisites: Sophomore standing; Instructor
permission.

ASCI 141. Anat&Physiol Domestic Animals. 0 or 4 Credits.
A comprehensive review of the structure and function of domestic
animals, emphasizing those of economic importance. Differences
between mammalian and avian species are discussed. Prerequisite:
ASCI 001, BIOL 001, or BCOR 011. BIOL 002 or BCOR 012
recommended.

ASCI 143. Forage and Pasture Mgmnt. 4 Credits.
Forage crops and grasslands play a central role in sustainable and
diversified agriculture. Covers the scientific principles and practical
applications of the production, management, and utilization of
perennial and annual forage crops used by livestock and equine. Pre-
co-requisite: BIOL 001 or BIOL 002 or BCOR 011 or BCOR 012 or
PBIO 004 or PBIO 006 or Instructor permission. Cross-listed with:
PSS 143.

ASCI 154. Canine Behavior. 3 Credits.
Identify, assess and treat/manage canine behavior issues. Learn bite
prevention, interviewing and communication skills. Formulate and
implement treatment plan or alternative options. Analyze efficacy of
plan. Theoretical hands-on practice. Prerequisite: ASCI 038.

ASCI 156. Dairy Management Seminar. 2 Credits.
Seminar course addresses research, policy, and production topics
in the dairy industry and develops leadership roles through guest
speakers, field trips, and group projects. Prerequisites: Minimum
Junior standing or with Instructor permission any student interested
in dairy industry.

ASCI 168. Animal Genetics. 3 Credits.
The study of DNA with an emphasis in genetics of animal species,
cluded but not limited to livestock and companion animals. Topics
include patterns of inheritance, molecular genetics, gene regulation,
biotechnology, genomics, population and quantitative genetics.
Prerequisite: BIOL 001 or BIOL 002 or BCOR 011 or BCOR 012.

ASCI 171. Zoos, Exotics & Endang Species. 3 Credits.
From gorillas to golden lion tamarinds, how human attitudes,
activities, utilization, and management strategies impact wild and
captive animal populations. Prerequisite: ASCI 001 or Instructor
permission.

ASCI 177. Animal Plagues & Global Health. 3 Credits.
Introduction to domestic animal and wildlife infectious disease
ecology and epidemiology, emerging and zoonotic disease. Ecological
and social issues of infectious disease control explored from a One
Health perspective that considers environmental and agricultural
sustainability. Prerequisites: BIOL 001 or BCOR 011; and BIOL 002
or BCOR 012.

ASCI 181. Animal Science Career Seminar. 1 Credit.
Discussion and workshop activities exploring careers in animal and
food science. Includes resume preparation and interview training.
Prerequisite: Animal Science major.

ASCI 187. Intro to Biochemistry: Lab. 1 Credit.
Introduction to techniques used to explore fundamental biochemistry
concepts including enzyme kinetics, lipids, carbohydrate
chemistry, and gene expression. Includes spectrophotometry,
gel electrophoresis, and mass spectrometry. Pre-Co-requisites:
PBI0 185, BIOC 201, or NFS 183. Cross-listed with: BIOC 187,
NFS 187, BPIO 187.

ASCI 191. Intermediate Special Topics. 0.5-15 Credits.
See Schedule of Courses for specific titles.
ASCI 192. Intermediate Special Topics. 1-18 Credits.
See Schedule of Courses for specific titles.

ASCI 193. Independent Study. 1-18 Credits.
A course which is tailored to fit the interests of a specific student, which occurs outside the traditional classroom/laboratory setting under the supervision of a faculty member, for which credit is awarded. Offered at department discretion.

ASCI 194. Teaching Assistantship. 1-3 Credits.
Undergraduate student service as a teaching assistant, usually in an introductory level course in the discipline, for which credit is awarded. Offered at department discretion.

ASCI 195. Internship. 1-18 Credits.
On-site supervised work experience combined with a structured academic learning plan directed by a faculty member or a faculty-staff team in which a faculty member is the instructor of record, for which academic credit is awarded. Offered at department discretion. Prerequisite: Instructor permission. Total credits towards graduation cannot exceed 15 hours.

ASCI 198. Undergraduate Research. 1-18 Credits.
Undergraduate student work on individual or small team research projects under the supervision of a faculty member, for which credit is awarded. Offered at department discretion. Prerequisites: Junior standing; Department Chair permission.

ASCI 208. Equine Industry Issues. 3 Credits.
Case-based course enhances students' abilities to integrate information, use logical thought processes, and produce concise, organized solutions to real problems, from individual horses to industry-wide. Prerequisite: ASCI 108 or ASCI 121 or ASCI 122.

ASCI 211. Summer Farm Management. 4 Credits.
A work-study program on the modern practices associated with farm management. Taught at Miner Institute, Chazy, NY. For students with a strong interest in farm management. Prerequisite: Minimum Junior standing.

ASCI 215. Physiology of Reproduction. 3 Credits.
Fundamental principles of the physiology of reproduction with emphasis on, but not limited to, farm animals. Prerequisite: ASCI 141 or equivalent or Instructor permission.

ASCI 216. Endocrinology. 3 Credits.
Physiology of endocrine and autocrine/paracrine systems and growth factors. Prerequisites: BIOL 001 or BCOR 011 and ASCI 141 or ANPS 019 or ANPS 020.

ASCI 217. Physiology of Reproduction Lab. 1 Credit.
Laboratory for fundamental principles of the physiology of reproduction with emphasis on, but not limited to, farm animals. Must be taken concurrently with ASCI 215. Prerequisites: ASCI 141 or Instructor permission. Co-requisite: ASCI 215.

ASCI 220. Lactation Physiology. 3 Credits.
Physiological mechanisms that control and affect lactation in domestic and laboratory animals with emphasis on dairy cattle. Includes mammary anatomy, development and health, and milk synthesis. Prerequisite: One Chemistry course and one course in Anatomy and Physiology, or Instructor permission.

ASCI 221. Lameness in Horses. 0 or 4 Credits.
Focuses on normal equine anatomy related to movement and what happens when horses are injured. Students learn common causes of lameness, as well as how to diagnose, treat, and prevent those causes. Labs are hands-on with horses. Prerequisites: ASCI 117.

ASCI 230. Agricultural Policy & Ethics. 3 Credits.
Examines American agriculture and policies from various perspectives - historical, political, ecological, technological, social, economic, and ethical. Emphasis on contemporary issues, policy options, future developments. Prerequisite: Junior standing or permission.

ASCI 233. Dairy Cattle Breeding. 2 Credits.
Setting breeding goals, making selection and mating decisions; balancing opposing forces to maximize genetic progress, and understanding the underlying genetic principles. Prerequisites: A genetics course; a Statistics course; Instructor permission.

ASCI 234. Advanced Dairy Management. 15 Credits.
An intensive, residential program at the Miner Institute providing an in-depth experiential program in the management of the dairy herd. Prerequisite: Junior standing or Farms 2+2 enrollment.

ASCI 252. FARMS Senior Project. 1-18 Credits.
The students will conduct independent research focused on a project proposal that was developed and approved in previous course work (ASCI 156). Prerequisites: FARMS program enrollment; Senior standing.

ASCI 263. Clin Top:Companion Animal Med. 3 Credits.
The use of case studies in companion animal medicine to develop clinical, analytical, and diagnostic skills. Prerequisites: ASCI 118, ASCI 141; Junior standing.

ASCI 264. Clin Topics:Livestock Medicine. 3 Credits.
An advanced study of diseases in cattle, sheep, goats, and pigs, emphasizing disease detection, pathobiology, treatment and prevention. Prerequisites: ASCI 118, ASCI 141; Junior standing.

ASCI 272. Adv Top:Zoo,Exotic,Endang Spec. 3 Credits.
An exploration of modern zoo philosophy and ethics and the extent of human intervention necessary for the preservation of endangered species. Prerequisites: ASCI 171 and Instructor permission.

ASCI 277. Animal and Human Parasitology. 3 Credits.
This course will emphasize the morphology, life cycles, and pathogenesis of representative taxa from the parasitic protozoa, helminthes, and arthropods of humans and domestic animals. Prerequisite: BIOL 001, BIOL 002 or BCOR 011, BCOR 012, and 100 level ASCI course or equivalent or instructor permission.
ASCI 293. Independent Study. 1-18 Credits.
A course which is tailored to fit the interests of a specific student, which occurs outside the traditional classroom/laboratory setting under the supervision of a faculty member, for which credit is awarded. Offered at department discretion.

ASCI 294. Teaching Assistantship. 1-3 Credits.
Undergraduate student service as a teaching assistant, usually in an introductory-level course in the discipline, for which credit is awarded. Offered at department discretion.

ASCI 295. Internship. 1-18 Credits.
On-site supervised work experience combined with a structured academic learning plan directed by a faculty member or a faculty-staff team in which a faculty member is the instructor of record, for which academic credit is awarded. Offered at department discretion.

ASCI 296. Undergraduate Research. 1-18 Credits.
Undergraduate student work on individual or small team research projects under the supervision of a faculty member, for which credit is awarded. Offered at department discretion.

ASCI 297. Advanced Special Topics. 1-18 Credits.
Written courses, seminars or topics beyond the scope of existing offerings. See Schedule of Courses for specific titles. Prerequisite: Department Chair permission. May enroll more than once for maximum of fifteen hours.

ASCI 298. Advanced Special Topics. 1-18 Credits.
Written courses, seminars or topics beyond the scope of existing offerings. See Schedule of Courses for specific titles. Prerequisite: Department Chair permission. May enroll more than once for maximum of fifteen hours.
