NOTES	
Graduate-level courses, including those in Public Health, may be accepted as electives with prior approval from a Health & Society advisor. Graduate courses are often open to upper-level undergraduate students with instructor permission.	
Students who plan to do an honors thesis or apply to graduate school in an area related to Health and Society are encouraged to take one or more intermediate or advanced research methods courses. Examples include ANTH 3130, ANTH 3192, EDFS 3090, GEOG 2550, SOC 2300, SOC 2500, and STAT 3000.	

RESTRICTIONS

Ineligible Major: Health and Society

A maximum of 6 credits may overlap between the HSOC minor and the Public Health AMP (e.g., PH 6010, PH 6020, and/or PH 6030).

Students may not count both STAT 3000 and PH 6030 toward the HSOC minor.

PRE/CO-REQUISITES

Requirement Description		Credits
INTRODUCTORY METHODS COURSE. 3 credits.		
Choose 1 of the following:		3
STAT 1110	Elements of Statistics	
STAT 1410	Basic Statistical Methods 1	

Introductory and intermediate courses for various subject areas may be necessary to reach some of the courses that can be applied to the major.

The most common prerequisites for courses in the Health and Society curriculum are ANTH 1100, ECON 1450, ECON 2450, GEOG 1760, GEOG 1780, MATH 1212, POLS 1300, PSYS 1400, SOC 1500, and SOC 2500.

OTHER INFORMATION

In the College of Arts and Sciences (CAS), only one course may overlap between a major and a minor or between two minors.

Courses for the minor and/or its pre/co-requisites that are cross-listed in the catalog or schedule of courses under another course prefix may be taken under that other prefix and still count for these requirements.

With the approval of the chair/director, courses that applied to the minor in previous years but have since been deactivated may be applied to this year's minor requirements if they are reactivated.

For a Bachelor of Arts degree, no more than 45 credits in courses with the same departmental prefix may be used toward completion of the 120 credits required for graduation. For a Bachelor of Science degree, the maximum is 50 credits.

At least half of the credits used to complete minor requirements must be taken at the University of Vermont.
