GEOLOGY (GEOL)

Courses

GEOL 5405. Gr Geochem of Natural Waters. 3 Credits.  
Basic concepts of chemical equilibria applied to natural waters,  
including thermodynamics, pH, oxidation-reduction, weathering, and  
solution equilibria. Prerequisite: Graduate student.

GEOL 5510. Gr Geomaterial Analysis. 3 Credits.  
Advanced knowledge and practical skills in the analysis and  
characterization of geological materials is a necessary first step in  
countless research projects. Geomaterial is all inorganic material  
that constitutes the Earth layers. As such, virtually every research  
project in geosciences, engineering, environmental science, physical  
geography, archeology, etc, starts with a thorough characterization  
of geomaterials. Prerequisite: Graduate student in Chemistry,  
Geology, Natural Resources, Physics, Plant & Soil Sciences, Civil &  
Environmental Engineering, or Material Sciences.

GEOL 5990. Special Topics. 1-18 Credits.  
See Schedule of Courses for specific titles.

GEOL 6391. Master's Thesis Research. 1-18 Credits.  
Research for the Master's Thesis.

GEOL 6400. Topics in Envt & Surface Geo. 1-3 Credits.  
Exploration of geologic constraints on environmental problems such  
as groundwater flow, contaminant transport, slope stability, climate  
change, sedimentation, deforestation, and earthquake hazards.  
Extensive readings and student-led discussions. May repeat for credit  
with different content. Topics vary by offering; periodic offering at  
intervals that may exceed four years. Prerequisite: Graduate student  
in science, natural resources, or engineering.

GEOL 6990. Special Topics. 1-18 Credits.  
See Schedule of Courses for specific titles.

GEOL 6991. Internship. 1-18 Credits.  
On-site supervised work experience combined with a structured  
academic learning plan directed by a faculty member or a faculty-staff  
team in which a faculty member is the instructor of record, for which  
academic credit is awarded. Offered at department discretion.

GEOL 6993. Independent Study. 1-18 Credits.  
A course which is tailored to fit the interests of a specific student,  
which occurs outside the traditional classroom/laboratory setting  
under the supervision of a faculty member, for which credit is  
awarded. Offered at department discretion.

GEOL 6994. Teaching Assistantship. 1-3 Credits.  
Student service as a teaching assistant, usually in an introductory  
level course in the discipline, for which credit is awarded. Offered at  
department discretion.

GEOL 6995. Graduate Independent Research. 1-18 Credits.  
Graduate student work on individual or small team research projects  
under the supervision of a faculty member, for which credit is  
awarded. Offered at department discretion.
