SCHOOL LIBRARY AND INFORMATION SCIENCE CGS

All students must meet the Requirements for Certificate of Graduate Study.

OVERVIEW

The Certificate of Graduate Study in School Library and Information Science prepares candidates to become PK-12 school librarians who create robust virtual and physical learning environments, centered in "all school learning." School librarians are educational leaders who make a difference in the lives of children, youth, families, and communities in an ever-changing global and technologically driven society.

Courses are offered on a 2 year cycle, one per semester fall-spring-summer. See website for licensing information.
