**2019-20 UNDERGRADUATE CATALOGUE ADDENDUM**

**MARCH 27, 2020**

In response to COVID-19, the University of Vermont shifted to remote instruction on March 18, 2020 for the duration of the semester. In response to this shift, the following academic accommodations were extended to students for the Spring 2020 semester only.

- Letter grades will be recorded for the semester. Students will have the option to elect Pass/No Pass (S/U for graduate students) by May 14 at noon.
- Courses in which students earned a “Pass” (P) will count towards major, minor, and degree requirements, with the exception of courses in which a specific grade is required for progression or licensure requirements (see next bullet).
- Students are responsible for understanding the implications of their decision to move to Pass/No Pass for courses related to their program’s major requirements, progression standards, and accreditation and licensing requirements.
- Once a student has elected a Pass/No Pass option, that decision cannot be reversed.
- For grades earned in Spring 2020, UVM will accept Pass grades as sufficient for transfer credit.
- Colleges will waive academic dismissal decisions based on performance this semester.
- Academic Probation policies are college/school specific. The Provost’s Office is encouraging colleges to be thoughtful in their use of academic probation this semester.
- For scholarships impacted by GPA, a one-time allowance will be made as follows. The cumulative GPA (calculated based on Pass/No Pass decisions) will be evaluated for each student at the
end of the Spring 2020 term. For students who fall below a 3.0 cumulative GPA at that time, the Spring 2020 term GPA will be removed and the cumulative GPA recalculated without it. If the recalculated cumulative GPA is a 3.0 or higher, the student will maintain scholarship eligibility. For all future reviews, the Spring 2020 GPA will be included.

- Students are able to withdraw from any course through April 3. Please note that a student who chooses to, or must, withdraw from all coursework for the Spring 2020 semester, will still maintain scholarship eligibility for the next year as long as they meet the other criteria for renewal and have not exhausted their scholarship length. Check the Student Financial Services website for details regarding the other renewal criteria and scholarship length.

- Students granted incompletes will have the full academic year (until May 7, 2021) to submit the work necessary to convert their incomplete to a final grade.

Students are being given an important responsibility for carefully weighing the potential impacts of these options (Pass/No Pass in particular). Students are advised to consult with their academic advisors and Student Financial Services to understand the full consequences of their decisions for their particular academic major, graduate school candidacy, financial aid standing, and career path. Students should begin to explore the implications of these decisions in early April so they are prepared to make informed decisions in May.

JUNE 17, 2019

The Integrative Health and Wellness Coaching Undergraduate Certificate was erroneously approved as the Integrated Health and Wellness Coaching Undergraduate Certificate by the Board of Trustees on February 1, 2019. The Board action has been revised to reflect the correct name, which will appear in the next edition of the Catalogue.

JUNE 25, 2014
Bachelor of Science in Business Administration

The requirements for the Basic General Education Core of the Bachelor of Science in Business Administration include one three-credit course in Global and Regional Studies.

Bachelor of Science in Computer Science

There is an error in the stated requirements for the Bachelor of Science in Computer Science (B.S.CS) in the 2014-2015 catalogue. The CS core reads: "Eighteen additional credits, including three at the 0XX-level (or above), three at the 1XX-level (or above), and twelve credits at the 2XX-level." The 2014-2015 requirement should read as follows: "Eighteen additional credits, including three at the 0XX-level (or above), six at the 1XX-level (or above), and nine credits at the 2XX-level." More information is available through the Department of Computer Science and the College of Engineering & Mathematical Sciences Office of Student Services and on their respective websites.

Bachelor of Science in Electrical Engineering

An additional provision has been added to the requirement for technical electives within the Bachelor of Science in Electrical Engineering program. At least three of the twelve required technical elective credits must be from the following subject areas: MATH, STAT, CHEM or PHYS. Please contact CEMS Student Services for additional information.

Pre-Engineering Technical Requirement

At its meeting on May 22, 2014, the faculty of the School of Engineering revised the Pre-Engineering Technical (PET) requirement that will be in place for the 2014-2015 academic year. The revised requirement provides students additional flexibility, and is available through the College of Engineering & Mathematical Sciences Office of Student Services and on college website.

Writing and Information Literacy Requirement

Beginning with the entering first-year class in fall 2014 all undergraduates will complete a three-credit course addressing foundational writing and information literacy goals. In response to this university-wide requirement, colleges and schools may have updated their individual requirements after this catalogue was published. Please consult the appropriate Dean’s Office for the most current information on writing requirements.

2014-15 GRADUATE CATALOGUE ADDENDUM

JUNE 25, 2014
At its June 16, 2014 meeting, the Executive Committee of the Board of Trustees approved the Certificate of Graduate Study in Environmental Public Health.
