

GLOBAL CITIZENSHIP: DEVELOPING GLOBAL CITIZENS (GC2)

GC2 courses develop skills necessary to participate effectively as a citizen in local communities and the world at large. To be effective and responsible members of a diverse and interconnected global community, students need to be able to communicate across cultural boundaries, to think deeply and creatively about shared responsibilities and injustices, and to collaboratively effect change. The courses in this pathway are therefore designed to impart at least one of the following core skills: language proficiency, ethical reasoning, and civic engagement.
