HEALTH (HLTH)

Courses

HLTH 1030. Medical Terminology. 2 Credits.
Terminology related to medical and health sciences. Online.

HLTH 1250. Patient Care Equipment Tech. 3 Credits.
Introduction to healthcare technology management in acute patient care, anatomy/physiology and technical principles, safety, and troubleshooting techniques. Includes electrocardiographs, physiological monitors, infusion devices, pacemakers and defibrillators. Online.

HLTH 1510. Wilderness First Responder. 3 Credits.
An introduction to wilderness medicine that focuses on the prevention, assessment & management of trauma, medical emergencies related to the environment in the wilderness or austere situations. Learning will occur through a variety of classroom activities (including lectures and small group discussions), skills demonstration/practice and a cumulative field exercise.

HLTH 1980. Restore, Rejuvenate&Energize. 1 Credit.
Experiential learning focusing on promotion of healthy behaviors designed to restore, rejuvenate and energize. Topics to be covered include physical activity, stress management, healthy nutrition, sleep hygiene, work/life balance, self-compassion, and practicing gratitude.

HLTH 1990. Special Topics. 1-18 Credits.
Introductory courses on health topics beyond the scope of departmental or college offerings. See Schedule of Courses for specific titles.

HLTH 1991. Internship. 1-3 Credits.
On-site supervised work experience combined with a structured academic learning plan directed by a faculty member or a faculty-staff team in which a faculty member is the instructor of record, for which academic credit is awarded. Offered at department discretion.

HLTH 1993. Independent Study. 1-18 Credits.
A course which is tailored to fit the interests of a specific student, which occurs outside the traditional classroom/laboratory setting under the supervision of a faculty member, for which credit is awarded. Offered at department discretion.

HLTH 2000. Biology of Aging. 3 Credits.
Human aging examined emphasizing biological and nonpathological physiological changes and their effects on the functioning of elders. Prerequisites: BIOL 1155, ANPS 1190 and ANPS 1200, or Instructor permission.

HLTH 2010. Intro to Integrative Health. 3 Credits.
Overview of social forces prompting the rise of integrative healthcare in the U.S.; the theory and practice of health professions included in integrative healthcare. Cultural and institutional views and processes shaping substance and delivery modes of healthcare in the U.S. Prerequisite: Sophomore standing.

HLTH 2050. Cultural Health Care. 3 Credits.
Examines the principles and theories of culture in health care with an overall goal to understand how health care is contextualized by and through culture. Catamount Core: D2.

HLTH 2070. Human Health & the Envirnmt. 0 or 3 Credits.
Offers an introduction to environmental health. Topics include: methods (toxicology, epidemiology), environmental health hazards (physical, biological, chemical) and supports (nature contact), risk analysis, communication and management, health and climate change, food production and access, energy production, and water. Prerequisite: Sophomore standing. Cross-listed with: NR 2070. Catamount Core: SU.

HLTH 2350. Adv Medical Equipment Systems. 3 Credits.
Covers imaging systems: x-ray, fluoroscopy, CT scanners, MRI, nuclear medicine, and ultrasound. Also clinical laboratory equipment, surgery devices, healthcare networks/IT, dialysis systems, and physical therapy equipment. Online.

HLTH 2370. Mindful Eating. 3 Credits.
An experiential introduction to the principles and practice of mindfulness and mindful eating, including an exploration of the cultural, environmental, economic, health-related, and spiritual connections we make every time we take a bite. Prerequisite: Minimum Sophomore standing.

HLTH 2400. Issues in Women’s Health. 3 Credits.
A holistic exploration of the health care needs of women. This course will consider the stereotypical, theoretical, and clinical approaches of care used in treating women. Prerequisites: PSYS 1400; HDF 1050; one Sociology course below 100.

HLTH 2510. Wilderness EMT. 3 Credits.
Focuses on the assessment and management of environmental emergencies, trauma and medical problems in the wilderness or austere environment building on the foundation of Emergency Medical Technician training through a series of lectures, small group activities and field exercises. Prerequisite: HLTH 2530 or NREMT certification.

HLTH 2530. Emergency Medical Technician. 7 Credits.
Preparation to become an Emergency Medical Technician. Covers all of the objectives of the National EMS Blueprint for Education. Students must successfully complete all requirements prior to sitting for the National Registry of Emergency Medical Technicians licensure exam. Prerequisites: HLTH 1030; current certification in Basic Cardiac Life Support (CPR). Pre/Co-requisite: HLTH 1030.

HLTH 2760. Hlth in Mediterranean. 3 Credits.
Faculty-led travel study course to Greece. Explores the history, culture, and practices of the Mediterranean lifestyle with a focus on longevity-associated behaviors and the intrinsic connection between health and sustainable development. Immersion in a learning experience centered on five longevity-associated health behaviors of the Ikarian culture. Prerequisites: Three credit hours in English. Catamount Core: D2, SU.
